RULES AND REGULATIONS TO GOVERN EXERCISES OF MINERAL RIGHTS RESERVED IN CONVEYANCES TO THE UNITED STATES

In conformity with the provisions of the Act of February 28, 1925 (43 Stat. 1090), I, Henry A. Wallace, Secretary of Agriculture, do hereby establish the following regulations to govern ingress and egress and the use of the surface in the extraction of minerals, oil, gas and other inorganic resources, from lands acquired by the United States through exchange under authority of the Act of March 20, 1922 (42 Stat. 465), and acts amendatory thereof authorizing the acquisition, by exchange, of lands chiefly valuable for National Forest purposes, within the boundaries of National Forests or of specifically defined areas adjacent thereto, in cases where the right to extract such mineral resources is to be reserved by the vendor by stipulation to be expressed in and made a part of the deed of conveyance to the United States.

Whoever begins such operations must, on demand, exhibit to the Forest Officer in charge satisfactory evidence of authority from the grantor so to do, and must comply with the following requirements:

1. Only so much of the surface of the land shall be used or disturbed as is necessary in the bona fide prospecting, mining, drilling, or manufacturing of the minerals; but no right to so occupy, use, or disturb such land shall be recognized unless the recorded owner of the reserved mineral rights, or his legally authorized representative, shall have applied for and received from the Forest Supervisor a permit authorizing such use or occupancy, for which permit advance payment shall be made annually at the rate of \$6 per acre or fraction thereof.

All buildings, camps, equipment, and other structures shall be removed from the land within one year from date of completion or abandonment of the operation, which shall be construed as being the date when payment of the permit charges for the land terminates. Otherwise such buildings, camps, equipment, and other structures shall become the property of the United States.

SUSPENSION ORDER, ORDER FOR HEARING (UNDER RULE 340 (A)) AND ORDER DESIGNATING TRIAL EXAMINER

The Securities and Exchange Commission, having reasonable grounds to believe, and therefore alleging, that the offering sheet described in the title hereof and filed by the respondent named therein is incomplete or inaccurate in the following material respects, to wit:

(1) In that the date upon which the information contained in the offering sheet will be out of date, as set forth in Division I, Paragraph 8, is not correct;

(2) In that the number of barrels of oil which must be produced before the smallest fractional interest proposed to be offered will be entitled to receive one barrel does not appear to be correctly calculated in the statement made in Division II, Item 1;

(5) In that the legal description of the property, required to be given in Exhibit B, is omitted.

It is ordered, pursuant to Rule 340 (a) of the Commission's General Rules and Regulations under the Securities Act of 1933, as amended, that the effectiveness of the filing of said offering sheet be, and hereby is, suspended until the 12th day of June, 1937, that an opportunity for hearing be given to the said respondent for the purpose of determining the material completeness or accuracy of the said offering sheet in the respects in which it is herein alleged to be incomplete or inaccurate, and whether the said order of suspension shall be revoked or continued; and
